### THANKSGIVING DAY PROCLAMATION.

(By the Governor.)

"O give thanks unto the Lord for He is good; for his mercy endureth forever."

Following the custom established by our fathers nearly three hundred years ago, it is entirely fitting that we should set apart one day in the year as Thanksgiving day, and that we should on that day assemble ourselves together in our accustomed places of worship and render hearty thanks to Almighty God for all His mercies and blessings.

A year ago we rejoiced that after the cruelties and horrors of war peace had spread its blessed benediction over all the earth. We have had a year of peace. Our gallant soldier and sailor lads have come back to us, save those who gave up their lives in our cause. The liberties of the world have been made secure, and the foundations of this republic have remained unshaken. True, we still have our problems to solve, for peace has its dangers no less than war, but the good sense of the American people has always been equal to any task which has confronted them; and, inspired and cheered by the achievements of the past, may we not look hopefully to the future, confident that no emergency can arise with which we shall be unable to cope? Let us give ourselves in earnest to the task of building a better state and a better nation.

Therefore, I, ALBERT E. SLEEPER, Governor of the State of Michigan, do hereby join the President of the United States in designating, "Thursday, the twenty-seventh day of November next, as a day of Thanksgiving and Prayer."

Albert E. Sleeper,  
Governor.

### Good Fellowship Club Notes.

The Good Fellowship Club met with Mrs. M. A. Bates. There was a good attendance.

Roll call—Quotations from Benjamin Franklin.

Parliamentary Critique.

Mrs. Alexander.

Mrs. Bauman read a paper on the history of the Second Colonial Period (1689-1763).

Mrs. Behlke read a paper on the life of Benjamin Franklin.

Our delegate to the Federation of Woman's clubs held at Kalamazoo was unable to attend the meeting. However thru the courtesy of the Bad Axe Club a report of the meeting was read. The report was very complete and very interesting.

### FREE METHODIST CHURCH.

Rev. Daniel Skanes, the pastor, will be present Sunday to preach and we are looking for a grand day in the Lord. All are united who have the old fashion gospel. Services as follows: Sunday school at 10 a. m., preaching service at 11:00 a. m., and preaching service in the evening at 7:00 o'clock. Mid-week prayer meeting Thursday evening at 7:30 o'clock. A welcome to all.

### GENTLEMEN!

Call in and see the new Fall and Winter line just arrived.

## NOTES OF THE GRAYLING SCHOOL

Edited by X, Y & Z.

There is a ship named Sometime; Men dream of it, and wait; One on the shore, impatient, One at the household gate, Thinking: "If it come not in the morn"

Then in the evening may." But one I knew, not thinking of ships, Worked till the close of day, Lifting his eyes at evening time, There his ships at anchor lay. —Irene Hardy.

The Sophomore class will give a party in the "Gym" Friday, November 28. About twenty guests are expected, making about 35 counting the class. Many have been "quizzing" the Sophs as to what there would be offered as to entertainment and "eats," but you might as well talk to a stone wall as to get anything out of that bunch.

Is a snake an insect or an animal? This question remained under discussion for some time in the French I class the other day. It was finally decided upon. A snake is an insect. Some of the students believe it yet. Do you?

The Junior High boys have an indoor base ball team.

A clever verse was seen on the bulletin board the other day. It is the motto of the Grand Rapids High school students:

"Let's in earnest Try to speak Better English Every week."

It would be a good thing for this High school if we had some such motto.

Because of the lack of blackboard space, the French I class had decided to buy slates, but Mr. Fox came to their rescue and offered them the use of his blackboards.

A member of the Debating Club:—"I hear the City council is considering an ordinance to have everybody put ashes into receptacles." Second member:—"Alright. Resolved: That all that is necessary now is the coal."

The following is the concluding paragraph of an excellent 7 B paper of the World war: "The Germans were defeated because the English wouldn't give up, and the French were such good patriots, and when the Americans came over the Germans were kept on the run ever afterwards." Here we have an allusion to the perseverance of the English, the patriotism of the French, and the dash and pep of the Yankees—pretty good qualities for any undertaking.

The first debate of the Grayling High School Debating society with an outside team is scheduled for January 3, with Cheboygan.

To the Seniors: Don't count your credits until they are cashed.

The physics class have started the study of sound. They can find plenty of material to work on between bells in the morning.

A double meaning: (A student in physiology class), "If you put a frog under water it would croak." The Seniors are the wisest and the highest.

The Sophomores are the fastest and the meanest (?).

The Juniors are the dearest and the dullest.

The Freshmen are the softest and greenest.

Of any class in school.

### GRADE NOTES.

Sub-Primary—Miss Smith.

Last week a small kitten made its way into this room, so the children studied it and found it very interesting.

Mrs. DeNoyles was a visitor of this room last week.

The children are finding the study of the Pilgrims very interesting.

Second Grade—Miss Austin.

The second grade had a program on Liberty day, consisting of patriotic songs and poems. Several of the mothers visited.

Arithmetic classes are learning to tell time, how many minutes in an hour, hours in a day, etc. They find it very interesting.

For language work they are having a new poem, "Remembered."

They are preparing now for a Thanksgiving program.

Thru a friend in the State library at Lansing, I have secured a "special library" for the second grade only. It has just arrived. It will be catalogued and the children allowed to take the books home keeping them several days. On its return another one may be taken. The books are especially interesting for this grade and include all of the best literature by the best children's authors. It will make the work of the grade more interesting, as well as being very beneficial to the children. Come in and see our new library. The books will be here for six months. This is a special favor and I hope for results.

Third Grade—Miss Foyle.

The children of the third grade are going to have a Thanksgiving party Wednesday afternoon at one o'clock. The mothers are all invited.

Fourth Grade—Miss Shier.

Last Friday the children had a spelling contest. George Schroeder and Clara Willett spelled the room down. The words were taken from Ayer's list of one thousand.

For games in gymnasium the children have organized two teams, George Schroeder and Francis Gross being elected as captains.

For picture study this room is having "The Helping Hand."

They are also learning "The Corn Song."

## WHAT THE DEVELOPMENT BUREAU IS DOING FOR NORTH-EASTERN MICHIGAN.

The Development Bureau has carried on for years an advertising campaign for the 17 counties which help support it, which is having a cumulative effect that grows greater every year, and results of advertising done in the very earliest years of the development bureau's existence are still bringing land buyers to the district. And the greater portion of this sum comes from the counties of Bay and Saginaw, the former contributing \$2,000 each year and the latter \$1,000 while the majority of the individual memberships also comes from those counties. It is only fair, however, that these two counties should contribute the largest sums for this work as they are the wealthiest, but their interest in the development of the entire district is no greater than that of any other county and they get no more direct benefit than does the least developed county in the district.

But there are 17 counties with memberships in the bureau this year and, with an expenditure of an average of less than \$300 each of these counties has received direct advertising and publicity which has cost an average of \$1,000 per county. Those who have investigated the work of the bureau all realize that in no other way could they get the results obtained for the small amount of expenditure involved.

During the present year, for instance, the bureau has issued 15,000 copies of a booklet entitled "Health Resorts in Northeastern Michigan," which has advertised the summer resorts of the district, copies of which have been sent all over the United States and which have brought to the bureau many complimentary remarks upon its appearance and its contents. Five thousand copies of a booklet entitled "Fishing in Northeastern Michigan" have also been distributed. A special booklet on Midland county, similar to booklets covering other counties issued in other years has also been published, to the extent of 10,000 copies and there will be issued this fall 15,000 copies of a very comprehensive story, in booklet form, on the subject of "Live Stock Raising in Northeastern Michigan." All of these booklets have been issued at a comparatively small cost to the counties which they advertise, as a large part of the expense has been covered by the sale of advertising space or of the booklets themselves.

Another feature, new this year, has been the addition of a great amount of newspaper publicity, thru the co-operation of the publishers of all of the papers in the district. This has been done by the publication in these papers of news stories on the development of the district and many of these have been of so great readable value that they have been copied in trade papers, agricultural publications, etc., having a wide circulation not only in Michigan but throughout the country.

That the advertising carried on by the bureau is effective is shown by the scores of people who are coming into the district looking for improved farms or large tracts of cut over lands, and the far reaching effect of the advertising is indicated by an instance which occurred this year when a man from Illinois walked into the office of the bureau announcing that he had come to buy a farm here and brought with him a worn copy of a booklet issued in the second year of the bureau's existence which, he said, was what had attracted him to Northeastern Michigan.

Among the important things which the bureau has done and is doing for the counties which are members, is bringing their advantages to the attention of the stockraisers of the west and southwest, many of whom are coming here to find grazing lands, and the making of displays at the state fair of products from all counties of the district, which displays attract attention in a manner which no exhibit by a single county could possibly secure. Similar displays have been made at the large county fairs and, frequently, at state fairs in other states. The fact that the district exhibits have almost invariably carried off the first prizes and blue ribbons at the Michigan state fair is an indication of how they attract attention of the farmer and the stock breeder to the district, and not a year has passed that these exhibits have not brought prospective investors here looking for lands.

The special work of the bureau in teaching the value of and introducing through club and pig clubs, of thoroughbred stock, has been a great educational feature which is helping to develop the district as a dairy and stock-breeding country, and this work is continuing to grow in extent and value.

Some idea of the prosperity which has been brought to the counties of the district during the recent years, when there has been a rapid transition from the lumber camp to the farm and the stock ranch, may be gathered from the banking figures furnished by one of the northern counties which a comparatively few years ago had little in it but logging camps and saw mills and which now has not a single saw mill, no lumber, and is a solely agricultural county. It is only menacering plants being there connected with agriculture. In the days of the lumbermen there was but one bank in the entire county and its deposits never exceeded \$40,000 or \$50,000. Now it has five banks located in its various villages and they have a total of \$1,500,000 or more of cash deposits, and the financial history of this county is being duplicated by every county in the district but can be brought about only by attracting to the various counties settlers from other states by calling to their notice the fact that there are in northeastern Michigan vast areas of good farming lands to be had at prices which make them desirable and attractive. There is no other agency which has the means to bring these facts to their attention in the broad and far-reaching manner of the development bureau.

## PEACE TREATY IN SENATE DEADLOCK

NEITHER SIDE SHOWS INDICATIONS OF CHANGING ITS ATTITUDE.

### DEMOCRATS WILL NOT RATIFY

President Wilson Says Reservations "Devitalize" Whole Pact—No Compromise in Sight.

Washington—President Wilson will pocket the peace treaty if it contains the Lodge reservation, he told Senator Hitchcock at a conference at the White House.

"The president has read and considered the Lodge reservations," Senator Hitchcock said, "and he considers them a nullification of the treaty and utterly impossible."

The president's decision drew from Republican leaders emphatic statements that there would be no compromise and that their original program of procedure would be adhered to.

"The only result has been to harden our lines," said Senator Lodge.

It was the opinion of Republican leaders that senate probably would reach a deadlock.

The program outlined by Senator Hitchcock after he had seen President Wilson will be carried through in the senate, Mr. Hitchcock said. This contemplated defeat of the ratification resolution, with the Lodge reservations attached, and the offering of a resolution for ratification without reservations. With the defeat of this resolution a deadlock would follow and a compromise sought.

Unless such a compromise can be reached, it is predicted that the treaty will be rejected, and, if the president carries out implied threats, the United States will remain in a technical state of war with Germany; she will not be a member of the League of Nations or of any of the international bodies created under it, negotiations of a new treaty will be in order, or the theoretical state of hostility may be ended by a senate declaration that peace exists.

Part of the program already adopted, the president has declared he regards as devitalizing the treaty. Unless developments change their views, his supporters in the senate intend to vote against ratification with these qualifications.

The breach between the opposing treaty forces has widened in the last week, and there is no indication of yielding on either side. Republicans who have stuck solidly with Senator Lodge say the two remaining reservations will be adopted.

Democrats say they will reject the Lodge ratification clause containing the reservations. Ratification requires a two-thirds vote.

"We have no intention of voting for the ratification clause containing the Lodge reservations," says Senator Hitchcock.

Says Senator Lodge: "Once the Democrats vote down the ratifying resolution the treaty may be considered dead."

### MICHIGAN'S DEAD COME HOME

Silent Reception Given Soldiers of Famous 329th Regiment.

Detroit—From 7 a. m. until well after noon thousands of men and women stood packed along Michigan and Woodward avenues. They waited quietly and quietly they bowed their heads as the funeral cortege of the 329 soldiers from Russia, rolled slowly by on its journey from the Michigan Central Station to the Armory.

Through all the long wait and during the progress of the parade, an air of stillness pervaded downtown Detroit—broken only by the somber tolling of the City Hall bell.

Thirty-three army trucks, draped in black, were lined up in readiness when the funeral train drew in. The 32 caskets containing the bodies of men of the 329th, were removed from the cars by details of regulars from Ft. Wayne and placed on the trucks. Maj. J. P. Robbins, of the Port of Embarkation in Hoboken, was in charge of the coffins on the trip west from New York. He turned them over here to the care of Col. L. A. Kunzig, commandant at Ft. Wayne. Three steel baggage cars were employed to carry the coffins. The cars were hung with black streamers.

Each of the slain soldiers slept shrouded in the colors of his country. Plain, pine rough boxes encased the metal caskets, and flags formed the coverlets beneath funeral wreaths of bay. Identification cards were attached to the boxes.

### Child Labor Decreases.

Washington—Child labor in the United States has decreased more than 40 per cent since the child labor tax provision of the revenue act went into effect April 25. This act levied a tax of 10 per cent on the net earnings of plants employing children under 14 years or between 14 and 16 for more than eight hours in the production of commodities entering interstate commerce. Women have been given children's places in many industrial plants.

### THE CALL OF THE COUNTRY

Michigan farm lands are favorable to most varied agriculture. However, agriculture, stock raising and dairying are the dominate occupations. Some of the finest agricultural areas of the world are found in the glacial lands of Michigan. We will be glad to mail you a description or show you excellent farms, orchards, clay pasture lands and ranches in the state.

## Women From Girlhood Through Motherhood and Past Middle-Life

Twining, Mich.—"We have used Dr. Pierce's Golden Medical Discovery as a general tonic medicine."

When any of us didn't feel right we would use a bottle or two, and we would be all right. When I was passing through middle life, Dr. Pierce's Favorite Prescription was my refuge in time of trial. I passed through that most critical time without any trouble. I live on a farm and do all the work a woman has to do without any help and can walk four or five miles and not be any the worse for it.

"At the time my daughter was developing I gave her 'Favorite Prescription' and prior to the Golden Medical Discovery as she was a delicate girl, and is always benefited her."

"We have also used the little 'Pelle's' with good results."—MRS. S. A. DOUGLAS, Route 2, Box 102, Twining, Mich.

Fond-du-Lac, Wis.—"When I was a girl going to school I got all run down and weak due to hard studying. About the time I was coming into womanhood I took Dr. Pierce's Favorite Prescription and it built me up in fine shape in just a short space of time. I also took it a few years ago during pregnancy and it helped me wonderfully. I had comparatively no suffering and my baby was strong and healthy and has always been. 'Favorite Prescription' has done wonders for me. I think it is the only medicine for weak women or women who are in delicate condition."—MRS. C. QUELL, JR., 220 9th St.

Dr. Pierce's Favorite Prescription is a non-sedative remedy that any strong woman can safely take because it is prepared from roots and herbs containing tonic properties of the most pronounced character. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package of tablets.

## ST. CHARLES WOMAN WAS FORTUNATE

It was a lucky day for Mrs. Withholter when she read about Doan's

"I had such awful cutting pains in the small of my back and hips, I often had to cry out," says Mrs. Ernest Withholter, 555 Madison St., St. Charles, Mo. "The pain was knife-like and I couldn't turn in bed, in fact I was almost helpless. My feet and ankles swelled badly, my hands were puffed up, and there were swellings under my eyes. I often got so dizzy I had to sit down to keep from falling and my health was completely broken down. The kidney secretions poured terribly in passage and in spite of all the medicine I took, I kept getting worse until I was a wreck."

"By chance I read about Doan's Kidney Pills and bought some. After I had used half a box there was a change and I continued to improve; the pains, aches and swellings left and my health returned."

Sworn to before me, WM. F. WOLTER, Notary Public. ALMOST TWO YEARS LATER, Mrs. Withholter said: "I think as highly of Doan's as ever. Whenever I have used them, they have benefited me."

# Where the Pilgrims First Landed

COMMERCIAL STREET, PROVINCETOWN

PROVINCETOWN HARBOR

By JOHN DICKINSON SHERMAN.

VERY good American knows—or should know—that it is to the Pilgrim Fathers we are indebted for Thanksgiving day, one of the most enjoyable holidays of the year. So at this time we pause occasionally in the mad rush of the twentieth century to give thought to them. Next year the tercentenary of their landing will be celebrated with considerable pomp and ceremony in the United States, England and Holland. Every American schoolboy of course knows that the Pilgrim Fathers officially landed on Plymouth Rock, and that the famous rock is at Plymouth, Mass. But there are comparatively few Americans who know that the first landing of the Pilgrims was at Provincetown, Mass., and are familiar with their doings during the month. The Mayflower lay in the quiet harbor inside Cape Cod.

There was no Provincetown there, of course. In 1620, but Cape Cod was there and its name was Cape Cod. In 1620 Bartholomew Gosnold, the explorer, had visited the region and had found codfish so plentiful that he had just naturally called the long narrow neck of land Cape Cod. Ever since there has been any Provincetown, however, its people have been sensitive on the subject of its claims to first honors. That's why Provincetown now has a monument on High Pole hill. Many years were required to raise the money for its erection.

The landing of the Pilgrims at Plymouth was a slow job. The congregation of John Robinson at Leyden procured from the London company for Virginia a patent of land and made financial arrangements for the sailing of a part of their number. The Speedwell of 60 tons, was purchased in Holland, and in July 1620 it sailed to Southampton, England. There the Mayflower of 180 tons was awaiting it. The two ships with about 120 passengers put to sea in August. The Speedwell was soon reported leaking and both ships put in at Dartmouth. At sea again, the Speedwell was a second time reported leaking and return was made to Plymouth. It was not discovered until later that the alarm over the Speedwell was due to its master's trickery. The Speedwell was abandoned at Plymouth and the size of the party reduced. The Mayflower left Plymouth alone early in September.

In nine weeks it sighted the shore of Cape Cod. Being far out of their course the Pilgrims headed south. But a few hours later the course was again changed for the nearest shore. Saturday, November 11 (21 N. S.), 1620, the Mayflower rounded Cape Cod and found harbor.

This radical change of destination introduced a complication. Some of the hired laborers threatened to break loose from their engagements on landing, because of the loss of the authority delegated in the patent from the Virginia company. The necessity of some form of civil government to unite the well-affected and to restrain the insurgent was imperative. So the famous Mayflower or Provincetown compact was drawn up and signed before the first voyager landed. Of the 41 signers to this compact, which is often enshrined as the first written constitution in the world, 34 were the adults.

Suit For 53 Cents.

Jackson.—Suit involving 53 cents has been started by the Michigan railway against J. E. Mann, an Ann Arbor traveling salesman. Mann, carrying a case weighing 60 pounds, boarded an interurban car and left the case on the rear platform. The conductor insisted that the case should be shipped as express and forthwith demanded that Mann pay express charges. The demand was met with a refusal. It is asserted, and the property was taken over by the railroad company. Mann recovered the case on a writ of replevin. Then the company began suit to recover 53 cents.

Wheat Report.

New York.—Exportation of wheat and flour from the United States from July 1 to Oct. 31, amounted to 56,174,000 bushels of wheat and 6,019,000 barrels of flour, equaling 93,259,000 bu.

Wheat receipts from farms for the week were 18,890,000 bushels, a decrease over the same week last year of 3,222,000 bushels. Production of flour amounted to 3,340,000 barrels, a weekly decrease of 10,000, but an increase over the same week in 1913 of 1,040,000.

ONE WAY.

"Many motor speeders arrested in your town, Uncle Sam?"

"No. There used to be, but we settled them fellers all right. Hain't been hardly an arrest in six months."

"How did you manage it?"

"Wal, we just fixed the speed limit at 75 miles an hour, an' derned few 'em kin make it, 'gosh!'"—Boston Transcript.

Girls, if singleness is bliss, 'tis folly to be wives.

"This plea," said the young lady, "reminds me of my little niece's excuse when she was found with a kitten in her bed."

"Gladys," said the child's mother, "thought I told you never again to allow pussy in your bed?"

"But that was last night, mother," Gladys replied, "and, besides," she never heard you."

It is easier for love to find a way than it is for a good young man to pay the way.

## Warns Influenza Will Come Back in More Dangerous Form

Dayton, O.—Declaring that people gained nothing from their experience with the ailment in 1918 and 1919, Dr. W. A. Evans, prominent health authority and writer of Chicago, today predicted that the world would again be swept by an epidemic of influenza far more severe and disastrous than last year, when thousands of lives were lost. The only way it can ever be alleviated or exterminated is by following the advice of the medical world.

Influenza can be prevented; last year's results prove that. As a preventive for flu, Turpo has been a pronounced success. Turpo is an effective germicide, combining the old-fashioned remedies of turpentine (which has always been known as the best home germicide), camphor and menthol in a pure mineral base. These ingredients have long been recognized as effective germicides, as well as having really wonderful qualities in relieving colds and congestions. Snuff a little Turpo up the nostrils several times a day and the flu germs will have little chance of getting a lodging and breeding place. Many physicians and hospitals use and recommend Turpo. Buy a thirty cent jar of Turpo, while your druggist has a supply on hand, and use as directed. Last year druggists could not supply the demand. Remember that Turpo is a preventive, not a cure for influenza. Take care of yourself. If in spite of your precautions, you think you have the flu, go to bed at once and call a doctor.—Adv.

## HEADACHE Often Caused by Acid-Stomach

Yes, indeed, more often than you think. Because ACID-STOMACH, starting with indigestion, heartburn, belching, food-repeating, bloating and gas, if not checked, will eventually affect every vital organ of the body. Severe, blinding, excruciating headaches, therefore, of frequent occurrence as a result of this upset condition.

Take EATONIC. It quickly banishes acid-stomach with its sour blast, pain and gas. It aids digestion—helps the stomach get full strength from every mouthful of food you eat. Millions of people are miserable, weak, sick and ailing because of ACID-STOMACH. Poisons, created by partly digested food charged with acid, are absorbed into the blood and distributed throughout the entire system. This often causes rheumatism, biliousness, dizziness, the liver, heart trouble, ulcers and even cancer of the stomach. It robs its victims of their health, undermines the strength of the most vigorous.

If you want to get back your physical and mental strength—be full of vim and vigor—enjoy life and be happy, you must get rid of your acid stomach.

In EATONIC you will find the very help you need and it's guaranteed. So get a big box from your druggist today. If it fails to please you, return it and he will refund your money.

## WORSE THAN DEADLY POISON GAS

Kidney disease is no respecter of persons. It attacks young and old alike. In most cases the victim is relieved of the approaching danger Nature fights back. Headache, indigestion, insomnia, lame back, lumbago, sciatica, rheumatism, pain in the joints and lower abdomen, difficulty in urinating, all are indications of trouble brewing in your kidneys.

When such symptoms appear you will almost certainly find relief in the GOLD MEDAL Hamlet Oil Capsules.

This famous old remedy has stood the test for two hundred years in helping mankind to fight off disease.

It is imported direct from the home laboratories in Holland, where it has helped to develop the Dutch into one of the sturdiest and healthiest races in the world, and it may be had at almost every drug store. Your money promptly refunded if it does not relieve you. Be sure to get the GOLD MEDAL Brand in sealed packages, three sizes.—Adv.

### SOUTH SIDE NEWS.

Lloyd Jennings was in Bay City the first of the week calling on friends.

The railroad reserve street on the south side is being improved by having several loads of cinders placed on same.

There will be a hard time dance at the South side hall, Saturday, Nov. 22. Prizes will be given to the poorest dressed couple. A fine will be demanded if you come attired in white collar or waist.

Little Evon Sancier, daughter of Mr. and Mrs. T. Sancier, is suffering with an abscess on her face.

Gladys Clark was accidentally thrown down at the School gymnasium a few days ago, and is suffering with a broken arm, so is absent from school.

Quite a number of men are enjoying hunting trips, while the mills are being closed down for repairs.

A Box Social is to be given at Johnson's hall, Thanksgiving Eve, Nov. 26. Ladies will bring boxes to be sold at auction. There will be dancing during the evening.

Chris Jensen, administrator of the Estate of his parents, the late Nels P. Jensen and Elna Jensen, has sold their home on the South Side to Mr. and Mrs. H. A. Baxter of Frederic.

### LOVELLS ITEMS.

The following parties, who have been enjoying bird hunting in this vicinity, all returned home last week.

C. W. Kuehl and party left for their home in Saginaw Monday; Dr. Bush and son went home Tuesday; Mr. Cottingham and party returned to Detroit Wednesday and Mr. Pop and party left for their home in Saginaw Thursday. All report a good time and plenty of birds.

The sale at Deerlands on the 3rd was well attended in spite of the wet and disagreeable weather.

A silo is being built on the Ward Estate.

F. J. Spencer had quite a smash-up coming from Deerlands last Saturday. He was leading a colt belonging to Dr. Underhill, and in making Trux hill the colt took it in his head to go home and so he did, taking the top and back off of Mr. Spencer's rig.

No body hurt except the feelings of Mr. Spencer's horse, which hasn't as yet gotten over the shock of the colt's curious stunts.

Harry Ward and family are moving to Grayling for the winter.

J. E. Kellogg is building a club house for Mr. Garber of Saginaw.

Mrs. A. M. Parker and daughters are enjoying bird hunting at their bungalow on the AuSable.

C. F. Underhill lost a horse last week.

The mill at Lovells is at a stand still due to lack of material.

F. J. Spencer is at the Miller Club doing mason work.

C. W. Nash has closed his home Kamp Nash for the winter and left for Kenosha, Wis., Wednesday.

Weather at this writing is pleasant enough for the best of us.

Lone Scout Fernand Spencer has 43.147 acres of land pledged by the owners for bird sanctuary for the year 1920. Some protection for the birds! All in Michigan mostly Crawford County. These men know when to do a good deed.

### RIVERVIEW ITEMS.

Mr. and Mrs. Hadley and family returned to their home in Detroit Saturday.

Ed. Matt and Wm. Weiss are moving their equipment from their mill.

V. Middleton was in our town Saturday.

We are all sorry to learn that Mrs. McLeod is no better.

Bernard and Floyd Bromwell, L. Gibson and two sisters, Mildred and Zoe attended the movies in Grayling Sunday night.

Wm. Pritchard has moved to Grayling.

Miss Louisa Stroupe was in town Friday.

B. Ilaf was home over Sunday.

R. Headley of Bally was here on business Saturday.

A GIFT THAT IS LASTING, DIFFERENT AND WORTH WHILE.

There is a happy answer to your question, "What shall I give for Christmas?" A year of the Avalanche makes an ideal Christmas gift.

Such a gift does not end on Christmas day, but it continues each week throughout the year—52 gifts in one—and carries with it a year of pleasure and profitable information, not only for the recipient, but for his entire family circle—an oft-repeated reminder of the thoughtfulness of the giver.

## SEE SHIP WHICH ROUTED FOE SUBS

Thousands Pay to Get View of Great Britain's Mystery Craft.

### DEVELOPS 23-KNOT SPEED

First of the "Hush" Craft the British Public Has Been Permitted to See at Close Range—Doughboys Inspect Ship.

London.—Thousands of persons waited for hours to get a close-up peep at the P-31, a British antisubmarine "mystery" ship, which was moored off Queen Victoria embankment for a two days' public inspection at the close of the official peace celebrations.

The P-31 was the first of the "hush" craft the public was permitted to see at close range.

It was only ten yards from the embankment to the quaint looking U-boat fighter, but the intervening distance had to be made in small boats. These each carried eight passengers, and the fare was one shilling, so the watermen's pockets soon were bulging, but there was no complaint about "profiteering."

### Doughboys Inspect Ship.

Among the curious who swarmed over the vessel were a number of American soldiers. Some of them took a peculiar interest in the guided explanations and comment on the boat's "trick" fittings—her geared turbines, gadgets, depth-charge throwers and paravanes.

It recalled to them a night of peril through which they passed from Southampton or Winchester across the submarine and mine-infested English channel, en route to Havre or some other French port—and the war. That night of fearful expectancy passed safely, they had marvelled at the efficiency of the conveying craft which they knew had been off in the darkness somewhere, plowing through rolling breakers, eager for an encounter—with its frequent aftermath of "oil and bubbles" from a vanquished undersea boat.

But as these doughboy spectators heard a member of the crew of the "hush" ship say: "She does everything but loop-the-loop," and saw others demonstrate parts of the ship's fighting equipment hitherto kept secret, they understood why they had been so secure.

### Twenty-three-Knot Speed.

The "P-31" is 244 feet long, with narrow beam, seven-foot draft and equipped with independent engines, fore and aft, that can speed her through heavy seas at 23 knots an hour. Built high forward and low at the stern, the vessel has somewhat the appearance of a submarine—an effect that her designers intended.

"Fritz sometimes would think she was a 'sub' and would open fire on her—but when she slewed around in her own length and got into action Heine was sorry he had spoken," said a sailor who had been through eight engagements on the fighter.

There had been other brushes with enemy craft, he explained, adding, "but unless you can bring home a bit of the corpse, the admiralty say, 'not proven.' It's no use to tell them about the 'oil and bubbles,' they're no proof, because Fritz used to release oil and bubbles to make us waste ammunition."

### SUICIDE-A-FELONY LAW DIES

Off New York Statute Books After Twenty Years—Two Convictions in That Time.

New York.—The state law making attempted suicide a felony has expired after it had been on the statute books for more than twenty years and resulted in but two convictions.

The law provides a penalty of not more than two years' imprisonment and a fine not exceeding \$1,000 for violators, but is said by those who succeeded in obtaining its repeal to have been no deterrent to those who wished to hurry out of the world.

Police officials are said to have favored the repeal on the ground that convictions were almost impossible to secure, while often it was necessary to detail a policeman to a hospital for weeks to guard would-be suicide prisoners.

### Cops Give Hermit His Annual Shave and Bath

Dallas, Tex.—John May, aged hermit who lives in a dilapidated shack in the river bottoms here, has been given his annual haircut, shave and bath. The police did the tonorial act and also administered the scrubbing. It took several of the cops to do it, for John is a strong man and put up a determined struggle throughout the performance. He went to the police station with grizzled hair and beard, which reached almost to his waist. He came away with a smooth face and head and smelling like high-priced toilet water.

John got his first haircut, shave and bath in twenty years last year when the cops ran him in and trimmed him up.

### THE YOUTH'S COMPANION HOME CALENDAR FOR 1920.

The Publishers of The Youth's Companion will, as always at this season, present to every subscriber whose subscription (\$2.50) is paid for 1920 a Calendar for the new year. The tablets are printed in red and dark blue, and besides giving the days of the current month in bold legible type, give the Calendar of the preceding and succeeding month in smaller type in the margin. It is a rich and practical piece of work.

A funny incident happened in West Branch the other day. As usual at this period of the year the county clerk of that county was busy issuing hunting licenses to applicants, and after receiving several, another gentleman stepped up to the desk, making the remark that he also wanted to be murdered. The county clerk thinking that he wanted a hunting license, and after learning he hailed from Toledo, Ohio, told him that it would cost him \$10 for a non-resident's license. The young man then remarked that he must have one regardless of cost and thereupon the clerk issued the hunting license and the \$10 was collected. Now this young man was a groom-to-be and after folding the document and putting it into his pocket he went to get his bride-to-be, and later went to the paragonage of a well known West Branch minister to have the ceremony performed. Just before the ceremony the young man told the minister he was unable to understand why he was charged \$10 for a Marriage license and upon examination of the license by the minister, the joke was discovered. The groom lost no time in finding the clerk and exchanging the hunting license for a license to wed. This same county clerk some time ago was charged with issuing a marriage license to catch "trout" out of season.

Miss Anna Bennett, who has been caring for Mrs. Newell Underhill will return this week to her home in Cheboygan. We are pleased to say that Mrs. Underhill is so much improved that she is able to set up for a short while each day. She has been ill for the past five weeks with pneumonia and typhoid fever.  
Mr. and Mrs. William Powell, who have been at their cottage at Lake Margrethe for number of weeks left Grayling Saturday to join their theatrical company for the winter season. Mr. and Mrs. Powell were late in coming to Lake Margrethe this year for their annual outing, but nevertheless enjoyed it very much.  
Mr. and Mrs. Charles Waldron left Monday afternoon for Big Rapids, called there by the deaths of the former's uncle Philias Waldron and his daughter-in-law, Mrs. Joseph Waldron, who passed away Saturday within an hour of each other. The deceased gentleman was a brother of the late Daniel Waldron of this city, who had been an old and well known resident.  
The first annual ball of Grayling Council No. 1822, Knights of Columbus, will be held Wednesday evening, November 24th—the night before Thanksgiving. Invitations are out, besides announcements have been issued so that none who might wish to come might be missed. The party will be held in the School gymnasium, the largest and best floor in this part of the State and the Knights intend to make it one of the finest balls that has ever been held in Grayling. The decoration committee are sparing no pains to make the place cozy and attractive. Music will be furnished by Clark's eight-piece orchestra.  
Let me sew a new pair of Goodrich rubbers on your old leather tops.

George Hanson, who formerly worked as deliveryman at the H. Peterson grocery, has entered the employ of the Michigan Central railroad as switchman.  
Mrs. C. M. Morfit entertained the "Bridge Club" Tuesday afternoon. Everyone present reported a most enjoyable time. Mrs. Charles Canfield held the high score.  
A fine new steam heating plant has been installed in the Grayling Opera house. This was a much needed necessity and assures the patrons of the place a warm, comfortable place in cold weather. The Masonic lodge rooms are also benefitted by this improvement.  
Friends of the late Earl McMahon will be interested to know that his relatives expect his body to be brot from France in the near future. It has not been decided whether his remains will be buried in Grayling or Detroit. Earl enlisted in the service of his country as a Marine, and died in France from pneumonia during the fall of last year.  
Tuesday evening Mr. George J. Boyden of Bay City, one of the State officers of the Foresters exhibited anti-tuberculosis slides at the G. A. R. hall in the interest of the sanatoriums for this disease, conducted by the Foresters. The local members of the lodge to add to the evening put on a little playlet, entitled, "Wanted a Wife" in which about twenty people took part. In all it was a very successful affair.  
Mrs. A. M. Lewis assisted by Mrs. J. H. Lamb opened her home to a large number of ladies Wednesday afternoon. The house was beautifully decorated with baskets of flowers. Cards and sewing were enjoyed. Mrs. Robert Gillett held the high score for Bridge and Mrs. Victor Salling held the high score for "500." Late in the afternoon an elaborate lunch was served by the hostesses.  
Mr. and Mrs. Nels P. Olson and son Lester expect to leave next Monday for Detroit, at which place they will be joined by their son Walde and together the family will go to Florida to spend the winter. They will motor through from Detroit in the Olson machine and tour the southern state until they find a suitable location for the winter. The health of Waldemar Olson, proprietor of the Star theatre in Gaylord is poor, due to being gassed, while in the service of his country, and is going south to try and recover on his health.  
A surprise to their friends, but however a very pleasant one was the marriage of Miss Hulda Sivrais, youngest daughter of Mr. and Mrs. Simon Sivrais to Mr. Harold Millard, which took place Monday evening at 8:00 o'clock at St. Mary's parsonage. Rev. Fr. J. Riess officiated at the ceremony, and the happy young couple were attended by the bride's sister, Mrs. William J. Graham and her brother Theodore Sivrais. Mrs. Millard was born in Grayling and attended the Grayling schools. For almost four years she has held the position of book-keeper in the offices of Sorenson Brothers, in which position she was found very capable by her employers. The groom, whose home is in West Branch has been in Grayling only a couple of years, and at present is employed as barber at the Carl Sorenson barber shop in the Hotel Burton. They are receiving the congratulations and best wishes of their friends.  
Those of the Danish people who attended the lecture at Danebod hall last Friday evening given by Rev. J. A. M. Rodholm of Manistee, report it one of the finest gatherings he'd in some time. While there was not a very large attendance, it was pronounced a successful meeting, and those who were not present surely missed a fine treat in not hearing the lecture. Rev. Rodholm has been on a lecture trip for the past several weeks and this was his last stopping place before going to his home in Manistee. He talked on the Ashland College subject, and it so interested his hearers that after he had finished, his auditors began a discussion on same which proved very interesting also. The Ashland college is an educational institution where anyone, whose parents were born in Denmark and also resided there, may learn something of this country and the surroundings and also for the Danish people who immigrate to this country and who have no knowledge of the American language or the customs of the American people. At the College there are teachers, who teach the English language, etc., and many young people who have come from Denmark and on coming here are unable to speak or understand a word of English, after a short time can speak that language very fluently.

## Stock Raising in WESTERN CANADA

Is as profitable as grain growing. Successes as wonderful as those from growing wheat, oats, barley, and flax have been made in raising horses, cattle, sheep and pigs. Bright, sunny climate, nutritious grasses, good water, enormous fodder crops—these spell success to the farmer and stock raiser. And remember, you can buy on easy terms.

### Farm Land at \$15 to \$30 An Acre

Land equal to that which through many years has yielded from 20 to 45 bushels of wheat to the acre—grazing land convenient to good grain farms at proportionately low prices. These lands are sold in small parcels, from 10 to 100 acres, and are well adapted to stock raising, grain growing, and all other farming purposes. Good schools, churches, roads, etc., are close to the farms, or to farm on a larger scale than is possible under your present conditions. Investigate what Western Canada has to offer you.

The Illustrated literature, with maps and pictures regarding reduced rates of fares, location of land, etc., apply to Department of Immigration, Ottawa, Canada.

"No, they are O. K."

"Aren't some of the jewels lost or something?"

"No—all here; it's full jeweled."

"I've lately suspected the case to be plated. How about it?"

"Solid gold; none better."

"Well, I'm glad to hear you say that. Perhaps you wouldn't mind letting me have fifty on it."—Yale Record.

## Thousands Have Kidney Trouble and Never Suspect It

**Applicants for Insurance Often Rejected.**

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmor's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even know that they have the disease. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send two cents to Dr. Kilmor & Co., Birmingham, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

## WATCHES AND BANK VAULTS

Why Safe Receptacles Occasionally Have Bad Effect on the Stored Timepieces.

Overseas men who left their watches along with other valuable articles in bank vaults have in many instances found their timepieces erratic or entirely useless on their return.

"Magnetized," the watch expert would say when the timepieces were taken to the repair shop.

When a watch is magnetized the hair spring contracts and does other unseemly things, and the watch runs only casually if at all. Watch repairers say they can demagnetize a watch in a little while and it will be just as good as ever.

But why should a bank vault cause this magnetizing? That's the odd feature of it, for frequently the very factor that makes the watch's repository a safe one puts it "on the fritz" as far as usefulness goes. A watch is magnetized when some electric current is near enough to have an effect. And usually the electric current that does the work is the current that operates the bank's burglar alarm.

## STATE NEWS

**Mio**—A new \$31,000 high school is to be built here.

**Ludington**—Ludington's Country club house, valued at \$30,000, was burned to the ground. The fire is believed to be of incendiary origin.

**Saranac**—The Rev. Mr. W. S. Ross, pastor of the Congregational Church, has tendered his resignation, effective Jan. 1. He came to Saranac three years ago.

**Grant**—Fire of unknown origin left Samuel Wilds and his five children homeless when their farm home, four miles northwest of here, was destroyed.

**Lansing**—Mrs. Mary La Plant, 50 years old, was instantly killed at her home as a result of a fall down a flight of stairs, in which her neck was broken.

**Holland**—Holland aldermen have instructed the board of public works to prepare plans and specifications and an estimate of cost of a municipal lighting plant.

**Big Rapids**—E. J. Doyle, collector of internal revenue, has announced that owners of buildings in which violations of prohibition enforcement acts are found will be prosecuted.

**Saugatuck**—Fred Grant, prosperous farmer near here, hanged himself in a tree in a wood lot on an adjoining farm. His body was found by a neighbor. He had been despondent lately.

**Port Huron, Mich.**—Strike of paper and pulp makers here is ended and a majority of men are back at work. The men returned voluntarily and no settlement was made. The open shop policy of the plant will be continued.

**Rogers City—Presque Isle, Cheboygan, Otsego and Montmorency counties** are closed to trapping of beaver by an order of the public domain commission. The department reports there is danger of complete extermination of the beaver in those counties.

**Battle Creek**—Harry Hovey, first burglar suspect to be arrested in Battle Creek in months, although there have been a number of burglaries, fled his way out of the city jail and escaped. In 1914, Hovey was arrested and on trial in justice court he jumped out of the second story window and escaped.

**Bay City**—The Good Government League, which recently made charges that Mayor R. V. Mundy was not trying to eradicate vice here, has adopted resolutions condemning the use of punch boards and other gambling devices and calling upon the mayor to enforce the law regarding vice and liquor.

**Mt. Clemens**—"America First" has brought prosperity to this city. On account of foreign health resorts being closed due to the war, the Mt. Clemens health resort is closing the most prosperous year of its history. Hundreds of patients have come here who formerly looked only to the European health centers for cures.

**Saginaw**—Cornor Riopelle and representatives of the sheriff's office were called to Lakeside township to investigate the death of a man named Bush, who is supposed to have died of leprosy. Several weeks ago, on petition of the sheriff's department, the state board of health sent a man to investigate the case. Bush kept himself away from others.

**Kalamazoo**—Unconscious from asphyxiation and burns Mrs. Cora Jenny was taken to Borgess hospital in a dying condition after she had been carried from her burning home. She was found by neighbors lying on the kitchen floor with her clothing in flames. The fire was caused by the falling of the stovepipe, which ignited some inflammable materials in the kitchen.

**Ann Arbor**—Ann Arbor began action in circuit court to enjoin the D. U. R. from using any of its temporary tracks on city streets until certain work now under way is completed. If granted, the order will tie up operation of the D. U. R. lines through Ann Arbor from Ypsilanti to Jackson until double tracking of Main street is finished. Merchants on the streets involved have threatened to sue the city for losses incurred through blocking the street.

**Mt. Clemens**—That his three children may not want, John Schmidt, of Mt. Clemens, has been adjudged legally dead, although neither has body nor that of J. L. Alkenhead, of Detroit, who are believed to have gone down in the squall that swept Lake St. Clair, has been recovered. The action declaring Schmidt dead was taken by Probate Judge Neil Reid, of Macomb county. Emil Schmidt, of Detroit, brother-in-law of John Schmidt, is named administrator.

**Lansing**—Unionizing railroad station agents is increasing work of the public utilities commission. The union has boosted wages. As a result railroads seek to discontinue numerous small stations in the state. Before this can be legally done companies must secure permission from the commission. So numerous have these attempts to abandon stations become that the commission has taken the stand that service is to be abandoned only where really warranted.

**Saginaw**—Albert Colpean, who shot his sweetheart, Neta Boyer, September 4, because she spurned his offer of marriage after he had come back from the navy, was found guilty in the Saginaw circuit court, the jury deliberating an hour. Colpean tried suicide after he shot the girl, who was 10 years younger than he. Colpean said he was insane and at tempted his own life instead of Miss Boyer when he fired the shot. The girl recovered. Judge C. M. Browne sentenced Colpean to 10 to 15 years.

**Albion**—It cost Mrs. Stella Skryoska \$400 for violation of the liquor law to which she pleaded guilty.

**Maine**—In the death of Adelbert Todd, Victory lost one of its best know characters. Totally blind, he managed to exist by raising vegetables and selling them from houses to house. Last fall he suffered a stroke of apoplexy and lay for two days without care until found by neighbors.

**Flint**—The council chamber of Flint's city hall was to be turned into a store for the sale of Army food and clothing. Sales of food have previously been held at the city market. While supervising sales at the market Mayor Kellar was struck on the wrist by a case and suffered a fracture of a small bone.

**Benton Harbor**—Officials of the Superior Steel company have announced that a \$200,000 addition to their plant will be undertaken at once. The step was made possible through the activities of the local housing corporation, which has undertaken the construction of a number of new homes.

**Bay City**—The suit of the City against the Michigan State Telephone Co., in which an injunction was issued against the company forbidding the charging or collecting of Burleson rates, has been discontinued by written stipulation. The company agrees to refund all paid rentals in excess of those authorized.

**Pontiac**—Pontiac's first woman jury heard the suit of Smith & Bowles against Charles Burridge. The suit, involving the price of a camera, called to the jury box Mrs. Walter Burke, Mrs. Otto Sachse, Mrs. L. W. Stoddard, Miss Jessie L. Gray, Mrs. B. H. Kessell and Mrs. P. H. Struthers. The jurors found for the plaintiff in 10 minutes.

**Birmingham**—Rudolph Burtlaw, 33, was instantly killed and his wife may have been fatally injured when their automobile collided with a Detroit United railway car at the 15-mile road near here. Burtlaw suffered a fractured skull, causing his death. A freight train near the crossing obstructed Burtlaw's view of the track. Mrs. Burtlaw was rushed to a hospital, and physicians announced her condition as critical.

**Saginaw**—L. F. Whit, of Mt. Clemens, secretary of the Michigan Implement Dealers has announced the program for the convention which meets here December 2-5. Tuesday there will be a theater party and Thursday night the annual banquet will be held at which C. L. Goscow will be chairman. Thursday afternoon will be farmers' day and farmers will be invited from Saginaw and eastern and northern Michigan.

**Cadillac**—Joseph Clark, of Yuma, who pleaded guilty to whipping Russell Walker, 9 years old, ward from the State Public School at Coldwater, was sentenced to from six months to five years in the Michigan Reformatory at Ionia. Judge Lamp, in imposing sentence, called the crime one of the worst in the history of Westford County. The boy was stripped, tied to a post with a halter around his neck. He had been adopted by an Owosso man.

**Lansing**—That 40 per cent of the school children of Lansing are affected with cervical gland trouble as a result of absence of milk from their regular diet, is indicated by a report on the physical condition of school children by Dr. H. L. Wright, city health director. The condition is so serious that a committee of the board of health is endeavoring to make arrangements for supplying milk to the homes of school children at the city expense. Either this plan or establishment of a milk lunch in the schools will be undertaken.

# Backache only a Symptom

"It Seems as Though my Back Would Break."

This is a common expression among women, yet they toil on day after day heedless of the significance of this distressing symptom.

Backache is often a warning of some inward trouble that requires attention, and which unless relieved will sooner or later declare itself in more serious ailments.

If it is caused by female derangement Lydia E. Pinkham's Vegetable Compound is what you need. It quickly asserts its curative powers in all those peculiar ailments of women.

For more than thirty years this good old fashioned root and herb medicine has been restoring American women to health.

## The Splendid Recovery of Mrs. Coventry

Newark, N. J.—"The doctor said I had organic trouble and treated me for several weeks. At times I could not walk at all and I suffered with my back and legs so I often had to stay in bed. I suffered off and on for eight years. Finally I heard that Lydia E. Pinkham's Vegetable Compound was a good medicine, and I tried it with splendid effect. I can now do my housework and my washing. I have recommended your Vegetable Compound and Blood Medicine and three of my friends are taking it to their advantage. You may use my name for a testimonial."—Mrs. THERESA COVENTRY, 75 Burnett St., Newark, N. J.

Mrs. Hunt tells how it helped her Detroit, Mich.—"I was in a general run-down condition, was very nervous and tired, had backache and other troubles. I suffered for several years, was not able to work at times and tried doctor's medicine with no results. I saw Lydia E. Pinkham's Vegetable Compound advertised, and after taking it a short time I was much better. I am still taking it myself and giving it to my daughter, and am glad to recommend Vegetable Compound at anytime."—Mrs. M. E. Hunt, 171 Davison Ave.

**Catarthal Deafness Cannot Be Cured** by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarthal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system. Catarthal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the mucous surfaces. ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE.

## THE BLUE TRIANGLE ON BABEL'S TOWER

Lucia pulled her shawl farther across her face and slunk down on the station platform bench as the solid blue figure suddenly bent down over her. Excitedly she shook her head in answer to the question that she could not understand. She searched through her red plaid waist for the paper that Tony had folded into a little square and given to her. The writing on it, in the English that Tony knew and she did not, told the house where she lived. Tony had explained it all to her that morning. He had told it to her again at the station. Then, waving his hat he had disappeared into the train with the rest of the men, and Lucia had been left standing outside the gate. There were crowds of women pushing all about her. They were weeping. So Lucia wept, too.

Lucia had been betrothed to Tony in the old country. Five years before, with a long ticket for New York pinned into his inside pocket, her lover had left her. He wrote in every letter that he had made her a home in the new country. Her dowry money had finally provided her own transportation, and for two months Tony and she had been married. Then he had drawn a ticket with a number on it, and this morning he had gone off to war.

To the policeman Lucia told all these things in rapid Italian but the policeman only talked back at her as rapidly in a language that was not Italian. She followed him dumbly to headquarters. An hour later a woman wearing American clothes gently began talking to her in beautiful Italian.

Italian Lucia was only one of thousands of foreign-born women. Syrians, Armenians, Russians, Lithuanians, Polish, who, when the draft called their men folk to the American colors, asked in helpless confusion what it was all about. When would their men be back? What did people mean when they told them they would receive money through the mail? Where could they find work that they knew how to do? Was there no one who could explain it all to them in their own language?

The Y. W. C. A. was ready to offer assistance, but it would be of no value to offer it in English. Consequently it had to supply a corps of women who could talk to the foreign-born women at their own door in the language that she was used to hearing in the home-land. To teach her English was an essential factor in her Americanization as to find her a job. Therefore the war council of the Y. W. C. A. set out to find her English.

A year before the war began in Europe, the leaders of the Young Women's Christian association foresaw just such a situation, and made ready to meet it. They studied the needs of the immigrant. They trained skilled American social workers to become familiar with the home habits and to speak the language of the Lett and the Hungarian and the Greek and the other foreign mothers who brought babies and bundles over from Ellis Island to Battery park.

The organization into which this experiment has developed was named by the Y. W. C. A. national board, "The International Institute for Young Women." In terms which these women can understand, it is teaching the foreign-born how to sew and cook and care for the baby.

To girls like Italian Lucia, who confusedly lingered on the station platforms when the draft trains pulled out, the Y. W. C. A. is giving direct assistance. Educated European women, appointed to the regular staff of workers at the camp Y. W. C. A. Hostess Houses are able to talk to the drafted men in their own language, assist them in writing letters home, and in arranging furloughs and little visits to the camp.

"The Home Information Service for Foreign Families of Enlisted Men" is doing practical relief work for the wives and mothers. The purpose of the board is to help the women folk left behind to understand where their boys are and how they are being treated; how they need home support and cheer, how to send them comforts, and to keep pace themselves by learning English and other things, so that when the boys come home they will not find their women still very un-American and out of sympathy with them.

Food conservation bulletins have been translated into 18 or 19 languages. At the factories and munition plants interpreters are available for the non-English speaking women by whom the real war industries of the country are being largely carried on. In 25 important cities International Institute Bureaus are training American and foreign women for full time social service work with foreigners. Twenty-four trained women are employed on the national and district field staff of the Y. W. C. A. On June 15 there were 105 trained women working at Americanization.

When more than 75,000 Chicago men filled out their blue cards for the September 12 draft, Gang Luo Wong appeared at one precinct bringing with him Mrs. Gang Wong and the three children. All five wished to register. The enrolling clerk explained, but the Gang Luo Wongs make many broken Chinese remonstrances before the master of the family was induced to sign a card without his wife. Mrs. Wong could not speak English. What would his family do in a strange country if Gang Luo went to war? All over the United States Chinese and Poles and Serbs were asking the same question. It is to just such needs that the War Council of the Y. W. C. A. is organized to give assistance.

### Europe Expects Greatest Exodus in History.

United States Warned to Take Steps to Guard Against Being Swamped.

London.—The greatest exodus in history is looked for as soon as Europe finds the necessary transportation facilities. Information gathered by the British government indicates 10,000,000 persons are eager to leave the continent. The situation is regarded as full of peril.

Britain, fully aware of all that this exodus will mean, will continue its immigration restrictions. A government official said:

"Britain cannot sustain any more than it has, and the emigrants will likely seek homes in the United States."

Officials here are inclined to warn the United States to take steps guarding against being swamped.

British officials hope some 2,000,000 Jews of eastern Europe will go to Palestine, but no one has any idea of how to sustain the rest of the would-be emigrants except by such aid as to make it possible for them to stay in their respective native countries.

Storage of food, lack of production, and unsettled political and social conditions are expected to last for a long time all over Europe. Passenger ships are booked months ahead, but there are not enough vessels for carrying even the most important and immediate traffic.

### TATOOED BY OWNER

One of the number of Armenian girls recently rescued from Turkish homes where they had been hideously tattooed for the purpose of identification by their owners. They are now being cared for by the Y. W. C. A. in Aleppo. The patches on this girl's face cover freshly made tattoos.

### WATERSPOUT WRECKS HOUSE

Debris Strewn Along Connecticut Coast for Distance of Two Miles.

New York.—Reports came from Norwalk, Conn., of damage done by a cyclone and waterspout which passed along Long Island sound.

After severe thunder storms from the east and west met, a waterspout was seen to form about a half mile off shore at Roton Point. It was at least 100 feet high, and was shaped like an hour glass.

The spout traveled a mile and a half, then at Betts Island, Norwalk, it struck the forty-five foot launch Anna and lifted the cabin off, leaving the rest of the launch undamaged.

Eight men who had come from New York in the launch were in a house near the shore. The house was moved several feet off its foundations by the waterspout and the second floor and attic were carried away and smashed to pieces. The debris was strewn along the coast for two miles.

### NATURE HEALS WAR'S SCARS

No Man's Land, Once a Hell, Now Covered With Mass of Poppies.

Dover, England.—Former British officers returning from France and Belgium, where they have been going over the ground where a year ago they were fighting, express astonishment at the manner in which nature is blotting out the scars of the war.

"No Man's Land" everywhere is covered with a mass of scarlet poppies," said one officer, "and the appearance of the rusty barbed wire makes one almost forget the place was ever the most desolate prospect a man ever saw."

"But the trenches are still there and so is much of the timber, both startling reminders of the days when we did not know just what was going to happen next."

Goodrich rubbers wear longer.
